Celebrating Women's History Month

Article by: Master Sgt. Adam Willett
152nd Equal Opportunity Office

RENO, Nev., Growing out of a small-town school event in California in 1978, Women's History Month honors and celebrates the struggles and achievements of women throughout the history of the United States.

In 1980, the first presidential proclamation declaring the week of March 8th as National Women's History Week was issued. The U.S. Congress followed suit the next year, passing a resolution establishing a national celebration.

In 1987, at the request of the National Women's History Project, also known as NWHP, Congress expanded the week to a month, and Congress has issued a resolution every year since.

From the beginning of our nation's history, women have championed the use of inclusive, democratic and active means to reduce violence, achieve peace, and promote the common good. By enabling our environment—through legal defense and public education, to direct action and civil disobedience—their influence is undeniable.

In 2017, the Women, Peace, and Security Act was signed into law. The act strengthens the continuing efforts to prevent, mitigate, and resolve conflict by increasing women's participation in negotiation and mediation processes to advance stability.

Research on the effectiveness of including women in military peace-building and conflict resolution negotiations found that peace agreements between civil society groups are 64 percent more likely to succeed — and 35 percent more likely to last at least 15 years — than agreements that did not include the female perspective.

To promote these findings, the Department of Defense is taking the necessary steps to be a global leader by setting a key example for international partners.

Throughout history, women have driven humanity forward on the path to a more equal and just society, contributing in innumerable ways to our character and progress as a people. Today's world requires a diversity of qualifications and resources to ensure that peace and security are achieved and maintained.

If you would like more information on how to celebrate diversity in your work area please visit www.deomi.org or contact the 152 Equal Opportunity Office in BLDG 56 Room 34, call 788-4649, or email Master Sgt. Adam Willett, EO Director, adam.w.willett.mil@mail.mil.

- Temp Tech T32 and T5 Hiring Authorization and the requirements
- USA Jobs and Temporary T5
- Not to Exceed Dates and Terminations
- Your HRO Contacts

A Word From Your HRO Director

Hello from the HRO world! I am Lt Col Jen Kimsey, and I have been a member of the NVANG for 28 years. I come to HRO with a varied background of medical, EO, personnel, logistics, and command time. I believe strongly in bettering ourselves personally and professionally, and have great pride in what I do. I have recently challenged my office to ask themselves what is their “why” for being in the organization. I explained that my “why” has changed over the years. When I was a young Airman, it was for college benefits. As time went on it was for my family, and as I have gotten older it’s because of the pride in wearing the uniform, and because I believe I can make a positive difference in our organization. I am excited to learn and work more with our Airmen, Soldiers, and Civilians.

SO YOU WANT TO BRING ON A TEMPORARY TECHNICIAN?

Several actions need to happen in order bring on a temp tech, whether they be a T32 or T5. It is our hope that, in the following questions, the process will be made a little clearer.

Q: Are we authorized to hire a T32 or T5 temp?

A: Yes! NVNG may hire temporary employees based on availability of funds. Hiring managers **MUST** receive approval for the position by authorized approving officials.

Q: Is there documentation needed? What is it?

A: Depending on what your hiring for, T32 or T5, documentation will vary. But there are several key pieces that will help the process move along smoother.

- T32: At the bare minimum, a completed resume and PQR or RIP must be submitted. Signatures from the Comptroller and Wing Commander and/or representative **MUST** be on the requesting SF52, if you are hiring for the ANG. ARNG **MUST** submit a requesting SF52 with the supervisor and the next higher level authority.
- T5: When hiring for a temporary T5, a Request to Advertise (form R1A 335-1) must be submitted to Classification. They will validate the position and send it to Staffing to be advertised on USA Jobs.

Still have questions on documentation? We cover more of what is needed, in depth, on page 2 of this newsletter.

Q: But wait! How do my candidates get qualified?

A: Great question! Selections for temporary appointments are based on qualification standards for the position the applicant is applying for. For T5 employees, these qualifying standards must meet the grade level in which the applicant is applying for. For T32, the same standards apply, unless they don’t qualify for the grade level requested which in turn could lead to a lower grade level.

Things still a little fuzzy? No problem! On page 2, We go into more depth and have listed all of the HR contacts for you!

NVNG HRO NEWSLETTER

WHAT DOCUMENTS DO I NEED TO HIRE A TEMP EMPLOYEE?

T5: The availability of the T5 position must be pre-coordinated with HRO. As mentioned, a RTA 335-1 must be submitted to Classification. They will validate the position and then send it to the Staffing section to be advertised/competed for in USA Jobs.

T32 (Dual Status): Besides a completed resume, **SIGNED** SF52, and PQR or RIP, it is requested that a SF 181 and OF 306 be completed by the applicant. It is important to note that if hiring for the ANG, the SF52 (request for Personnel Action) **MUST** be signed by the approving official/commander and **MUST** also have the Comptroller signature. **MISSING SIGNATURES AND DOCUMENTATION WILL RESULT IN DELAYS!**

A NOTE ON RESUMES:

Resumes must show experience to qualify for the pay grade advertised. All previous employment start and end dates must be listed. The applicant must show qualifications for the position that meet the NGB qualification standards. Resumes that have been copied from the Position Description (PD), or NGB Qualification standards, **WILL** result in disqualification.

FURTHER DETAILS ON TEMPORARY TECHNICIANS:

A temporary tenure period is a **MAXIMUM** of 12 months and terminates at the end of the fiscal year. In **ALL** cases, the start date will be the first day of the pay period that is coordinated by HRO and the hiring manager. Temps may **NOT** be promoted to a higher grade, reassigned, or transferred to other jobs. They are not eligible for the following:

- Probationary periods: Temporary employees do not serve a probationary period and can be terminated at any time. They are not eligible to receive Performance Appraisals.
- Wage Increases: Temporary employees are not eligible for time in grade increases. Temporary WG employees receive **WITHIN** grade increases at 6 months.
- Benefits: Temporary employees are not eligible for FEGLI (life insurance), or FERS (retirement coverage)
- Military Leave: Temporary employees are not eligible to use military leave. In addition, if a temp goes on LWOP or Absent US for **OVER** 30 days, they will be terminated and the position may be open for rehire.

We highly encourage all temporary employees to continually apply for indefinite and permanent positions through USA Jobs.

United Service Organizations (USO) provides lunch and refreshments during Nevada Air National Guard Community Engagement Strategic On-Site

Article by: Fred Barton
Nevada Air National Guard Airman & Family Readiness

The Nevada Air National Guard hosted its first Community Engagement Strategic On-Site working group on Feb. 23, 2022, in the Nevada Air National Guard Dining Facility.

Members of the Nevada Air National Guard were invited to brainstorm ideas focusing on the strategic plan for community engagement to build better partnerships throughout the state and have an even bigger impact in our local community. This is a top strategic priority of both the Nevada National Guard Adjutant General, Maj. Gen. Ondra Berry, and the 152nd Airlift Wing Commander, Col. Jeremy Ford.

The United Service Organizations (USO) of Nevada, once again, has found another creative way to support the Nevada National Guard by providing lunch and refreshments to everyone who attended this very important working group.

The Blended Retirement System

Continuation Pay

The National Defense Authorization Act in 2016 created the Blended Retirement System, or BRS. Service members covered under the BRS may be eligible to receive a one-time, midcareer bonus payment in exchange for an agreement to perform additional obligated service. This one-time bonus payment is in addition to any other career field-specific incentives or retention bonuses.

Continuation Pay Basics

Continuation pay is a direct cash payout, like a bonus, available to service members covered under the BRS. It is targeted at the midcareer mark, payable between completion of eight years of service, but before completion of 12 years of service (calculated from a service member's Pay Entry Base Date). Most service members under BRS will be eligible for continuation pay, but each service determines the timing and the amount. This pay is in exchange for a commitment of a minimum of three additional years of service. If a service member receives continuation pay and does not fulfill the service agreement then some of the continuation pay may have to be given back or refunded.

Key Considerations

Eligibility. This one-time payout is available to active-duty, National Guard, and Reserve service members covered under the BRS with between eight and 12 years of service who are able to enter into an agreement to perform additional obligated service.

Amount. Active-duty service members (including AGR/FTS personnel) may be eligible for a continuation pay multiplier of 2.5 to 13 times their monthly basic pay. Members of the National Guard or Reserves in drilling status may be eligible to receive a multiplier of 0.5 to 6 times their monthly basic pay (as if serving on active duty).

Pay rates. Pay-rate multipliers may be based on service-specific retention needs, specialty skills and hard-to-fill positions, similar to career field incentives and re-enlistment bonuses. Each service will determine and publish its own guidance on continuation pay.

Investing. Continuation pay, along with other specialty pays, bonuses and incentives, can be invested into your Thrift Savings Plan, or TSP, account, up to the annual maximum allowed by the IRS, <https://www.irs.gov/retirement-plans/plan-participant-employee/retirement-topics-401k-and-profit-sharing-plan-contribution-limits>. Note, if you hit the maximum too quickly, you could lose out on government automatic and matching contributions.
