Chaplain's Corner

For those of us with kids... here's a good reminder
By Maj. Donny Crandell

marriage minute

Teach them where their real value comes from. Children need to know – and parents, especially fathers, are the ones to teach them. – that they have intrinsic self-worth. Never let your children doubt how much they mean to you. Never let them doubt, if you are a religious believer, that they were brought into this world by God, formed in his image, and born for a reason. Never let them doubt that their value is independent of any achievements, talents, or groups of friends they have; their value comes from being your son or daughter, from being, if you have faith, a child of God. As they become teenagers, just telling them that you love them and they are irreplaceable to you is enough. Keep it simple, Keep it truthful. And keep on saying it.

LALMONIRHAT, Bangladesh (AFNS) -- More than 50 U.S. military personnel, alongside service members from Nepal, Sri Lanka and Thailand, conducted several humanitarian assistance events throughout Lalmonirhat during exercise Pacific Angel 19-1, June 22-28, 2019.

Throughout that time, the U.S. and partner nations teamed up to provide medical care and engineering assistance as well as conduct subject matter expert exchanges with the Bangladesh Air Force and civil organizations, such as the Red Crescent and Ministry of Health.

"Pacific Air Forces is honored to be a part of this important effort during Pacific Angel's 12th year," said U.S. Air Force Brig. Gen. Mark Crosby, Oregon Air National Guard assistant adjutant general and State Partnership Program director. "Pacific Angel events are a tangible expression of the United States' commitment to South Asia and the U.S. Indo Pacific Command's region and demonstrate our continuing resolve to support international disaster and humanitarian relief efforts in this region. This is a lasting demonstration of our commitment to the great people of Bangladesh and towards enhancing our bilateral relations with the proud men and women of the Bangladesh Air Force."

Oregon and Bangladesh are paired up through the State Partnership Program, which is run by the U.S. Department of Defense. Through the SPP, the National Guard conducts military-to-military engagements in support of defense security goals.

"One of the goals of Pac Angel is to build partner capacity and strengthen these relationships so that we are able to better operate together in the future, particularly when it comes to humanitarian assistance and disaster relief," said U.S. Air Force Maj. Kristoffer Pflamer, a 152nd Air Wing, Nevada Air National Guard, navigator and Pac Angel 19-1 mission commander. "Being here and seeing improvements happen day by day is a once in a lifetime opportunity."

Based on the need of the Lalmonirhat community, the Bangladeshi government chose a local high school as the primary location to provide medical services to community residents. The high school and four additional schools received structural updates and projects provided by U.S. Air Force civil engineers.

The medical care provided at the clinics included dental, optometry and general medicine services. Care was given with the assistance of
