MEMORANDUM FOR MEMBERS OF THE NEVADA AIR NATIONAL GUARD

FROM: 152 AW/CC

SUBJECT: Nevada Air National Guard Environmental Guidance (Policy)

1. This Environmental Guidance applies to all members, employees, contractors, and organizations assigned to the Nevada Air National Guard Base. This Environmental Guidance supersedes the Environmental Guidance dated 1 September 2016.
2. The 152 AW maintains and operates C-130H aircraft at the Reno-Tahoe International Airport. Their mission is completed with the support of corrosion control, aerospace ground equipment, vehicle and facilities maintenance, and the administrative functions necessary to support the dedicated men and women who perform those tasks.
3. Protection of the environment is one of our highest priorities and is a major factor in decision making.
 - a. The 152 AW is committed to:
 - i. Continual improvement
 - ii. Pollution prevention
 - iii. Environmental Stewardship
 - b. Our goals are:
 - i. To integrate environmental information into all levels of management
 - ii. To build environmental concerns into all policies, program and missions
 - iii. To maintain compliance and go above and beyond compliance with the environmental legal and regulatory requirements, including federal, state, and local environmental laws and regulations as well as Executive Orders, AFI's, AFD 90-8, Virtual Environmental Management Office (VEMO); and other guidance
 - iv. To promote the conservation and sustainable use of natural and manmade materials
 - v. To prevent and reduce waste generation through the continued improvement of our processes
4. The 152 AW has achieved an enviable environmental record program within the Air National Guard. We will continue our emphasis on being good stewards of our pristine Nevada environment and will strive to reduce our impact and enhance the communities within our region.
