### Making Happy Together

By Maj. Donny Crandell  
152nd Airlift Wing Chaplain

## marriage minute

No doubt about it, love and happiness make beautiful music together. But truth be told, happiness is in short supply for too many time-starved and sleep-deprived couples. And the reason, we suspect, is that they don't work at it—or more likely, they don't know how to make it. Happiness, after all, is not something that happens, it's something you make. Some even call it quits for this very reason, saying: 'We're just not happy anymore.' Really? Is being married supposed to make you happy? No. That's not how it works. Marriage doesn't make you happy—you make your marriage happy. As the saying goes, you bring your own weather to the picnic.
